OCTOBER ADULT PROGRAMS

Director's Note to the Community

This spring and summer, Wyandanch Public Library came alive with energy and connection from concerts that brought neighbors together to children's programs that inspired creativity and growth. Each event showed the power of what we can achieve as a community. As we look ahead to another successful year, our mission is to empower Wyandanch. We're creating new and improved spaces that welcome every voice, expanding programs that spark imagination, and building opportunities that strengthen families and future generations.

Together, we're not just improving a library we're empowering our community and shaping a brighter tomorrow. We as the staff thank you for walking this journey with us.

Dr. Lambert Shell, Library Director
